

# MOISTURE METERS, BENCHES, AND VISES

## Hand-Held Moisture Meter

The Expert Inspector "Wood Friendly" Moisture Meter

#L606

\$249<sup>99</sup>

Uses advanced electromagnetic wave technology to accurately measure wood moisture content from 5-30% (to a depth of 3/4" of an inch). There are no pins to "abuse" wood and leave ugly holes. Because the L606 is compact and portable, you check boards from top to bottom in just seconds. Enables you to avoid the headaches of splitting, warping, delaminating, and failed glue joints. Popular with installers, wood workers, cabinet and furniture makers, contractors, and quality assurance inspectors.

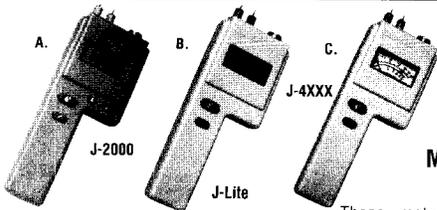

## Hand-Held Moisture Meter

"...reasonable price and wonderfully extensive correction tables. It's easy to use, and it's lightweight and compact. A real winner." *Fine Woodworking Magazine*

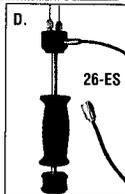

#L609

\$139<sup>99</sup>

New slender sensor, ideal for testing narrow pieces of lumber such as moulding and trim, the pin-less "Wood Friendly" L609 uses Wagner's famous advanced EMF technology to measure moisture content from 4-22% in hard, soft, and imported species. Equipped with LED indicators for convenience in dim light, the L609 penetrates one-half inch through the wood, reading boards accurately and instantly from top to bottom in seconds. It remains virtually unaffected by temperature, humidity, chemicals, stains, or finishes. Handy to use from small home to kiln to trouble-shooting through finished and unfinished products.

DELMHORST INSTRUMENT CO.

Wood Moisture Meters

These meters utilize

proven, accurate resistance technology - the only way to determine the difference between surface and subsurface moisture. Each model comes in a functionally designed case and has integral contact pins for stock up to 6/4. Or attach any Delmhorst electrode to the built-in connector for more demanding hardwood applications. All meters come equipped with 9-volt battery and carrying case.

**Remote Electrode** - Allows you to determine a moisture gradient. Ideal for the hardwood flooring installer, furniture manufacturer, and the craftsman, the 26-ES is the industry standard for lumber and woodworking applications. (Sold separately.)

A. J-2000	6-40% Moisture Content Range. Digital Readout. Built-in Species and Temperature Corrections.....	\$239.99
B. J-Lite	6-30% Moisture Content Range. Easy to Read LED Readout.....	124.99
C. J-4XXX	6-30% Moisture Content Range. Analog Readout. Industry Only 3-Year Warranty.....	174.99
D. 26-ES	Remote Electrode (fits all three models).....	74.99

## Mini-Ligno Moisture Meters *lignomat*

These moisture meters give instant, accurate moisture readings between 6 and 20% or 6 and 36%, indicated by bright red lights. Can be used for lumber (hardwood and softwood), veneer fiberboard, hardboard, and more. Wood moisture content is one of the critical factors determining quality and usefulness of wood.

Mini-Lignos	6-20% Meter.....	\$94.99
Mini-Ligno E	6-36% Meter.....	104.99
Mini-Ligno S	6-20% Wood/Plaster/Drywall.....	109.99

## SONIN Rapitest Moisture Test Meter

#50211S

\$34<sup>99</sup>

This meter offers additional features and performances beyond those of a regular moisture test tool. The meter's contact probes are at the end of a 3-foot coiled cable for detecting moisture in difficult-to-reach locations. The 10-point scale corresponds to moisture

levels from 10-28%. Scale and reference chart correlate relative and moisture percentage readings. Test hard or soft wood, concrete, plaster, carpet, and more to determine the extent of moisture problems. Locate and trace roof leaks, water seepage, and assess the extent of wet rot and hidden condensation. Requires one 9-volt battery.

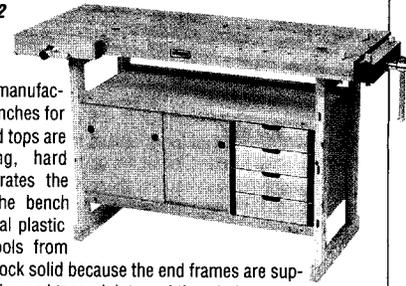

SJÖBERGS

#SJ1200 shown with SJ0042

## Joiners Workbenches

Sjöbergs in Sweden have been manufacturing traditional woodworking benches for decades. The solid block laminated tops are constructed from slow-growing, hard Nordic birch. The tail vise operates the bench dog clamping system. The bench dogs are steel-cored with a special plastic coating to protect your edge tools from accidental damage. The trestle is rock solid because the end frames are supplied ready to assemble with mortise and tenon joints and the whole assembly locks together with just six bolts. The Sjöberg workbenches carry a ten-year guarantee and are built to last a lifetime.

SJ1200	Overall Size: 47" Long, 24-3/4" Wide, 34" High. Bench Top Size: 42" Long, 19-3/4" Wide, 34" High.....	\$329.99
SJ0042	Drawers & Cupboard Accy Kit (Suitable for the SJ1200 Joiner & SJ1600.) Includes the extra four drawers and all the parts and hardware needed to convert your bench.....	149.99
<b>Buy both #SJ1200 and #SJ0042 for \$449.99 - Save \$30.00</b>		

SJ0042 now fits SJ1600

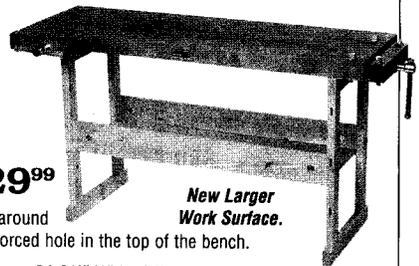

## Workbench Hold Fast

#ST98

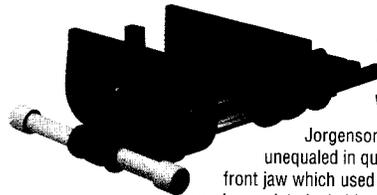

\$29<sup>99</sup>

Includes holdfast which clamps around 360 degrees using the steel reinforced hole in the top of the bench.

SJ1600	Overall Size: 66-1/2" Long, 24-3/4" Wide, 34" High. Bench Top Size: 61-1/2" Long, 19-3/4" Wide, 34" High.....	\$399.99

New Larger Work Surface.

"Jorgensen"

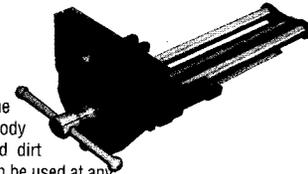

## Woodworker's Vises

Jorgenson heavy-duty Woodworker's Vises are unequalled in quality. They feature a solid-steel dog in the front jaw which used in conjunction with a bench stop, allows oversize work to be held securely on the bench top. Machined tooled-in jaws provide a solid grip, while northern hardwood handles provide balance and comfort. The front and back jaws have drilled and tapped or countersunk holes to allow for optional wood facings. These vises easily fit any bench up to 3 inches thick.

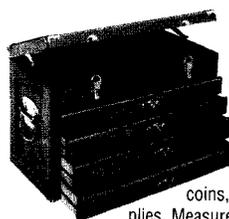

Model	Description	Now
40709A	3-1/2" x 7-1/8" jaw size with 9" maximum opening capacity.....	\$99.99
41012	3-1/2" x 10" jaw size with 12" maximum opening capacity.....	119.99

## Record Quick Release Woodworker's Vises

When the trigger is pressed the front jaw slides freely to or from the work, while a half-turn of the handle grips or releases the work instantly. Body casings are designed to exclude sawdust and dirt from the working parts. Normal screw action can be used at any time. Jaw plates are tapped to receive 8mm diameter countersink screws.

52ED	Quick Release w/"Dog", 7" Jaw Width, 8" Jaw Opening, 20 lbs.....	\$89.99
52-1/2ED	Quick Release w/"Dog", 9" Jaw Width, 13" Jaw Opening, 36 lbs.....	109.99
53EXXX	Quick Release w/"Dog", 10-1/2" Jaw Width, 15" Jaw Opening, 39 lbs.....	129.99

NEW

## Solid Hardwood Utility Chest

#MTV7

\$59<sup>99</sup>

Made of handsome hardwood, this multi-purpose utility chest features felt-lined drawers and five storage compartments. Ideal for any hobbyist, this unit is perfect for storing, organizing, and protecting everything from hand tools, craft supplies, fly-tying material, baseball cards, coins, and watches to flatware, jewelry, scarves, and sewing supplies. Measures 21 inches long-by-9-1/2 inches wide-by-13 inches high.
